## HARINGEY BOROUGH FC - A BRIEF HISTORY

It was not until 1970 that a team competed under the name of Haringey Borough when WOOD GREEN TOWN who had played at Coles Park since 1930 changed their name to Haringey Borough. A merger with EDMONTON FC resulted in a brief change of name to Edmonton & Haringey FC until 1976 when the present name was re-adopted. After a period of instability and a year in the wilderness away from senior football they were admitted to the Spartan League in 1989 retaining Premier Division membership throughout until the South Midlands League merger in season 1997/98 when they finished 7th. in the Premier Division South to secure membership of the new "combined" Premier Division in 1998/99 as well as being runners up in the League's Premier Division Cup. In 2004 after an unsuccessful attempt to move the Club to the nearby New River Sports stadium and a walk out of the existing Committee Aki Achillea who had commenced his association with the Club in 1995 was appointed to lead the Club forward and together with George Kilikita and Secretary John Bacon the club sought to engage more with the local community and tap into the talent locally. Youth teams were commenced and run successfully for many years at various age levels with some considerable success particularly at the older age groups including progress into the 2nd round proper of the FA Youth Cup in 2006/07. The Women's Team, formed in 1999 were promoted to the top Division for 2002/03 of the Eastern Region Women's League where they have had notable success over the years. In 2005/06 they were losing League Cup finalists by the odd goal of seven in a thrilling contest with Norwich City Canaries. The senior men's team having been relegated to Division One of the Spartan South Midlands League in 2006/7 bounced back with promotion at the very first attempt and a fine season ended with both promotion and the winning of the Division One Cup. Back in the Premier Division for the season 2008/09 the Club again quickly found itself among the relegation strugglers leading to the appointment of the current Manager – the vastly experienced Tom Loizou. Tom and his excellent loyal team of coaching staff have been instrumental in turning around the Club's fortunes in the intervening years. In 2011/12 a highest ever 5th place was achieved and the League Challenge Trophy won. After massive stadium improvements in the close season with the erection of a new Clubhouse and new dressing rooms hopes were high for 2012/13 but the poor weather and the problematic pitch led to a massive fixture backlog which negated any chance of a serious challenge for honours and the Club finished 9th. In 2013/14 the Club's challenge for promotion took place in the Essex Senior League following a sideways switch imposed by the FA. The Club had its most successful season ever finishing runners up by just a solitary point to Great Wakering Rovers and ended the season with 20 wins and one draw from the final 21 League games. The League title was nevertheless secured at the second attempt in 2014/15 with a haul of 103 points from 38 games and with it promotion to Step 4 in which we were allocated to the Ryman League Division One North. The first season at the higher level was a baptism of fire when only 7 points were garnered from the first 17 games but by the close of the season a further 43 points had been amassed from the remaining 29 games and the Club finished in a comfortable 15th place. The first season in the FA Trophy produced two fine victories before a replay loss to Hitchin Town of the Evostik South Premier Division. The summer of 2016 saw yet further investment in the close season in the form of a 3G synthetic main pitch and added improvements to the perimeter, the spectator rails and the floodlights and has created a facility of which the Club can be proud; and has afforded a greater opportunity for the Club to move forward in all aspects. The first team in 2016/17 improved markedly on the previous season and had an excellent all round campaign although rather unfortunate not to finish the season on a high having ended with the "double heartbreak" of missing out on promotion through a 4-5 closely fought semi final play-off defeat to Maldon & Tiptree FC after finishing 5th in the Division and an odd goal 2-3 London Senior Cup semi-final loss at Metropolitan Police. But 2017/18 was to be the Club's best ever and culminated in promotion to Step 3 via the play-off route with a 3-1 win over Canvey Island after automatic promotion had been missed by just two points. And in FA Competitions the 4th and final round of the Qualifying rounds for the FA Cup was reached, although that ended in disappointment with a 2-4 home defeat by Heybridge Swifts who then enjoyed a visit to Exeter City in the First Round Proper. In the FA Trophy we went right through the qualifying campaign and were lucky enough to draw Leyton Orient in the First Round Proper which brought a record attendance of 1,133 to Coles Park and "The O's" left mightily relieved at having come back to win 2-1 after going a goal down in the fifth minute. 2018/19 was to be the Club's best ever season with an FA Cup run which took us into the First Round

Proper where it was ended rather cruelly by AFC Wimbledon's last minute goal at Coles Park in front of a record crowd of 2,710. Having led the Premier Division for several weeks in mid-season it was somewhat disappointing that we dropped from 2nd to 3rd on the last day of the season after a poor late run but still enjoyed home advantage in the Play-Off Semifinal in which a 45 minute second half onslaught on the Tonbridge Angels goal produced only one goal in response to the two they had scored before the interval. Last season's early termination was less of a disappointment for us than for most other Isthmian Premier Division Clubs as we were marooned in mid-table with no realistic prospect of entering either the promotion or relegation zones. The highlight of the season should have been the visit of National League Yeovil Town in the Final Qualifying Round of the Emirates FA Cup but, as is well known, appalling crowd behaviour brought that game to an early end and the second game seemed something of an anti-climax. In fact, without making excuses, that unpleasant episode seems to have adversely affected our players for some time for, whereas we had been well in the promotion places mix, thereafter we just drifted downwards.

2016/17 saw the introduction of a much needed "second" team, formed to compete in the Ryman Development League it being basically intended for Under 21 players but with the facility to include up to 4 older players in every squad. The team held their own comfortably in the League finishing a very creditable 6th place and the benefits of the Club's participation were all too evident with the introduction of a number of players into the first team squad throughout the season and the opportunity for first team squad players to keep fresh and those who were returning from injury had a platform to get fit. Thereby proving the benefits of having such a side. The age restriction was amended to Under 23 for 2017/18 and the team was always near the top of the table.

In the 2017/18 season the Club also entered an Under 18's Youth side into the Southern Counties Floodlit Youth League which will again provide a pathway for talented local boys to make their way into the first team squad and ultimately the first team itself. The team won its Divisional Championship in its debut season. The Women over the years have steadily improved and were extremely fortunate to have been approached midway through the 2013/14 season by renowned coach and former professional footballer Steve Browne who at the time was involved in the highly successful S & T Academy Girls football. Steve was duly appointed Manager and preserved the Women's Premier Division status. In 2015/16 a mid table position was easily secured from an uneven campaign which included convincing away wins at the top 2 Clubs and some surprisingly disappointing performances against lower placed teams. Last season, by Christmas the team were runaway League leaders only to be thrown off course by the tragic early death of Steve on New Years Day but after a shaky period the Women re-asserted themselves to win the League Championship on the last day of the season and with it, promotion to the Women's Premier League and followed that up by adding the League Cup with a 5-1 win over Cambridge City to complete the double. The best ever season for the Women and a fitting lasting legacy for their Manager. The loss of many of the successful squad, several to American University Scholarships proved too much of a handicap at the higher level and relegation back to the Eastern Regional League was an unsurprising outcome.

The foundations are in place for an eventual assault on the title to secure a National League place for the men's senior side and an exciting season is in prospect in which the ability to go one better and obtain promotion to the National League at the second attempt should be within the capabilities of our talented squad, The facilities and structures are in place for all the Club's teams to improve and enhance on recent successes

The Directors and Committee of *HARINGEY BOROUGH FOOTBALL CLUB* take pleasure in extending a warm welcome to all visitors to Coles Park and hope that they will make use of the bar and refreshment facilities available to increase their enjoyment of the occasion.

## HISTORY OF SUTTON UNITED FC

Sutton United FC was formed on 5 March 1898 when a meeting of two leading local clubs, Sutton Association and Sutton Guild Rovers, decided that they should join forces. The amber and chocolate colours of Sutton Association were retained, along with both clubs' grounds, and the United club's first game was against Norwood & Selhurst FC. With two grounds available Sutton fielded three teams in the Herald and Surrey Junior Leagues, but the loss of Western Road after a year led to the disbanding of the third team. The senior side's first honour came in the form of the Herald Junior Cup in 1902, the first of three successive triumphs in that competition.

In 1910 Sutton assumed senior status and joined the Southern Suburban League, and it was during the next decade that the club gained use of their present home in Gander Green Lane. After finishing as Southern Suburban League runners-up in 1920 they were elected to the Athenian League at the end of the following season, and celebrated by twice winning the Surrey Senior Shield. League form was more uncertain, and in 1926 U's had to seek re-election, but were successful and recovered to win the championship just two years later. Over the next decade Sutton established themselves as a force in the amateur game, twice reaching the FA Amateur Cup semi-finals, although on the first occasion they were expelled from the competition after fielding two players who had played Sunday football and were therefore ineligible.

Sutton remained to the fore after World War Two, winning the Athenian League for a second time in 1946, and coming second to Barnet on goal average the following season, while they lifted the Surrey Senior Cup, the first of fifteen occasions on which they have won the trophy. They also appeared in the first round proper of the FA Cup for the first time. In 1953 the club became a Limited Company, and five years later won the league for a third time as well as achieving a first success in the London Senior Cup. In 1963 U's made their first appearance at Wembley in the Amateur Cup final, losing 4-2 to South London rivals Wimbledon, and were one of four clubs elected to the Isthmian League.

Champions in 1967 and runners-up a year later, Sutton again reached the Amateur Cup final in 1969, losing to North Shields, and the following season achieved national fame as they made it through to the 4th round of the FA Cup and were drawn at home to Leeds United, then the top side in the country, who won 6-0 in front of a record 14,000 crowd. After another league runners'-up position in 1971, a less successful period followed until the appointment of former player Keith Blunt as manager in 1977. Two years after his arrival U's made history as the first and only winners of the Anglo Italian semi-professional tournament, and although he departed to top Swedish club Malmo soon afterwards, his assistant Barrie Williams went on to guide the club through a period of great achievement. FA Trophy runners-up in 1981, losing to Bishop's Stortford at Wembley, they were second in the league a year later as well as reaching the second round of the FA Cup, and won a cup treble of Isthmian League Cup, London Senior Cup and Surrey Senior Cup in 1983. Two years later U's captured the Isthmian title, and having declined promotion, they repeated the success in 1986 and this time took their place in what was then the GM Vauxhall Conference.

During their first spell in the Conference U's hit the headlines with their FA Cup exploits. In the 1987-88 season they recorded their first win over Football League opposition, beating Aldershot 3-0 and then winning at Peterborough before going out after extra time in a third round replay at Middlesbrough. A year later they again reached the third round and their 2-1 win over Coventry remained the last instance of a side from outside the Football League beating one from the top flight of English football until Luton's win at Norwich three seasons ago. Sutton also seemed established as a Conference side but in 1991, having recorded a record Conference away win of 9-0 at Gateshead, they picked up just one point from their last eight games and were relegated for the first time in their history.

Although often around the top of the Isthmian League U's could not realise their hopes of an immediate return, and it was in cup football that they enjoyed more success. In 1993 they reached the FA Trophy

semi-finals, and another FA Cup run in 1993-94 produced victories over Colchester and Torquay before a narrow defeat at Notts County. The appointment in 1996 of the management team of John and Tony Rains, with over 1,400 playing appearances for the club between them, saw a renewed assault on the championship, and after twice finishing third they realised Sutton's ambition of returning to the Conference in 1999, finishing eleven points clear of long time leaders Aylesbury after a run of 13 wins and 3 draws in 17 games. Unfortunately U's found the gap to the Conference too wide to bridge, and seven consecutive defeats at the end of the campaign saw them finish bottom, but relief was provided in the FA Trophy where they beat three Conference clubs, including two of the eventual top six, to reach the semi-finals where their hopes were comprehensively dashed by ultimate winners Kingstonian.

In their first two seasons since rejoining Ryman League ranks Sutton failed to mount a serious promotion challenge, but in the 2003-04 season, with a side containing several graduates from an outstanding youth team that had reached the third round of the FA Youth up in 2001, a storming second half to the season saw them finish as runners-up to Canvey Island and gain inclusion in the newly formed Conference South. John Rains stood down as manager in March 2006, and he was replaced by Ian Hazel, but the 2007-08 season saw U's, who had previously finished consistently in mid-table, struggle from the start and by the end of March their relegation had been confirmed, with two changes of manager during the season.

Although the end to the season showed signs of promise under former player Jimmy Dack he declined to take the job on a permanent basis and Paul Doswell, who had achieved great success with Eastleigh in recent seasons, was appointed in the middle of May 2008. After missing out on promotion in the play-offs in his first two seasons, as well as overseeing a first appearance for 15 years in the FA Cup first round, he guided U's to the Isthmian championship in 2011, and the following season saw them finish fourth in Conference South, losing to Welling in the play-offs, and also reach the second round of the FA Cup, where their tie at home to Notts County was televised live on ESPN. U's were again in the play-offs in 2014, losing to Dover after finishing second in the table, and last season went one better, an unbeaten run of 25 league games from the middle of November saw U's overhaul long-time leaders Ebbsfleet and clinch the Vanarama National League South championship and gain promotion to the National League for the first time since the 1999-2000 season.

In their first season back at National League level Sutton finished 12th, the highest placed of the promoted clubs, but it was the FA Cup for which the season will be remembered as they made history by reaching the 5th round for the first time ever. After a last minute winner against Forest Green had seen them through the qualifying round, they won 6-3 at Dartford before beating League Two Cheltenham thanks to another very late goal. In the third round U's scored three times in the last fifteen minutes to win at AFC Wimbledon in a replay after a goalless draw, and then in front of the BT cameras they beat Leeds 1-0 to gain revenge for the result 47 years earlier. The fifth round saw U's drawn at home to Premier League giants Arsenal and put up a creditable performance in a 2-0 defeat. The following season the focus turned back to the National League as Sutton achieved their highest ever finishing placing of 3rd, but again suffered play-off disappointment, losing 3-2 at home to Boreham Wood in the semi-final. After a 10th placed finish a year later, Paul Doswell announced the end of his eleven year tenure, coach Matt Gray stepping in to the manager's role and in his first season, with a much changed squad, U's recovered from a disappointing spell to climb to a mid table position, losing only twice in sixteen league games prior to the season's premature close.

Off the pitch U's have also made great strides in recent years, with their work in the local community seeing them win the Business of the Year award in 2013, and after a programme of ground improvements which has seen all four sides of the ground upgraded in the last 30 years, in summer 2015 a 3G pitch was installed at Gander Green Lane and is used by Combined Counties League Sutton Common Rovers, as well as providing an all weather sports facility for the local community.

## Chairman - Haringey Borough FC

This afternoon we welcome everyone associated with Sutton United for our final pre season game of the season as we prepare for next Saturday's opener against Corinthian Casuals. I cannot thank all of those involved with Sutton enough for agreeing to attend and help us with our preparations and I am sure they will enjoy the day and that they too will feel it was a worthy exercise. Those of you who are well versed in all matters non league will be aware that Sutton do not start their National league campaign until 3 October so they are very much in the early stages of their preparations and I am sure they will change several personnel throughout in a similar vein to Tom in our earlier matches. As our boys near full fitness I would expect more will play most of the match to ensure readiness for next weekend. It will also be good to welcome the Sutton fans who will not have seen their team play in the flesh for several months and I can assure you that we will do our very best to ensure you have a great day. You will be segregated but purely to ensure everyone's safety in these dangerous times, there will be food and drink and a competitive game. I am sure we will also see our former player Coby Rowe play some part for the opposition today and we are all so proud of him to have furthered his footballing career via a lengthy stop with us where he had played for some 5 years or so. A fantastic player and person who we all hope will go far in the game. Our preparations have gone well and since the re-introduction of fans we have done our best to make the ground as safe as possible with our risk assessment identifying the problem areas and we have introduced steps to reduce the risk and we have complied with government and FA guidance but in truth it is up to the people who attend to follow the guidance and rules. Signs are around the ground, certain areas are one way and groups should still maintain social distancing as best they can. One thing I am certain of is that Sutton will feel quite at home on the surface because it is actually identical to the one they have!! Myself and Tom went to a workshop at their ground some 5 years ago where the contractors S&C Slatters were keen to show those in attendance the virtues of the Sutton pitch. We were so impressed we ordered our one the same day!! It really is a great surface and looks as good now as when it was laid and no one ever questions the pitch and on the contrary we have had so many compliments about it. Get behind the boys as usual and help remind the Sutton fans of how much fun live football can be and show them how we at Haringey Borough have our very own identifiable way of enjoying our football – Come on Boro

**Aki Achillea - Chairman Haringey Borough F.C.**

## Manager - Haringey Borough FC

I welcome Matt Gray and the Sutton boys and of course Coby who returns after only a brief period away and will be familiar with the club and the people who are associated with it and the fans who adore him!! Losing Coby was a blow to our ambitions last season and any faint hopes we had of promotion were seriously damaged. That said we have all known for a long time what a talent he is and he deserved to get his chance to perform at a higher level. The loss of Coby has given others opportunity and I am happy now with the central defenders I have who will all vie for a place in the side. The return of both of our full backs from two seasons ago Tosin and Mikey and the arrival of the new boys further forward give me confidence for this coming season. We have played some tough pre season matches thus far and although the results have not on the face of them been what we would have hoped for I can say that the performances in general have been very good. We played exceptionally well against Aldershot Town and I thought last Tuesday against a very strong QPR we had our moments where had we been a little more clinical we could easily have taken the lead before they scored late in the first half. Our defending is good and our general approach play has been good, we just need to convert the chances we create to really push on. I have said before that I am very happy with the squad and I feel we are much stronger than last season in all departments and the fringe players are also better equipped to come into the side and blend in well with the existing players. This season will be a real test of the strength of the squad and even more so as we play more midweek games and as you

know our home games are on a Monday only two days after a Saturday match . We have the players now to step in and add to the strength of the side and as I say more than ever the squad will need to be larger this season and I am confident that the players we have will stand us in good stead as we head into the season. Today will be a fantastic experience for the boys, an opportunity to pit their wits and test their game against a top National league side and I am really looking forward to the game- get behind the boys as ever and most importantly enjoy the game.

# THE NON-LEAGUE PAPER

ESSENTIAL READING FOR FOLLOWERS OF THE NATIONAL GAME

So, where were we?

It's been six long months since the 2019/20 season came to an end which saw most Non-League clubs have their campaigns abandoned with roughly half a dozen weeks remaining.

Football is on its way back thick and fast now with the preliminary round of the FA Cup taking place today while some leagues are already several fixtures in.

Steps 3 and 4 get underway next weekend (19th) while the National League will begin on October 3.

There has never been a more challenging time for Non-League clubs and their volunteers, having to implement important Covid-19 regulations and adapt financially.

We've seen over pre-season how well clubs have managed the situation and it is crucial football, particularly Non-League, can continue to prove it is capable of staging matches safely.

At the time of writing, the National League is still waiting for the green light to admit fans – it is thought they will be allowed to in time for the season's start.

Below Steps 1 and 2, clubs can allow up to 30 per cent of ground grading capacity at the level.

For most teams, this isn't an issue but league chiefs at Steps 3 and 4 are pushing for the limit to be changed to 30 per cent of ground capacity to benefit the more well-supported clubs.

At this stage, the season getting underway, fingers crossed, won't be too much of an issue. Bigger problems, perhaps, lie in wait should we experience a second wave of the virus or local areas go into lockdown.

The way this year is going, it wouldn't be a surprise to see a disastrous spell of weather over the winter too!

Only time will tell as to whether Non-League will have to deal with those challenges but for now we should enjoy being back to what we enjoy most, even if the environment has changed somewhat.

Thank you to our loyal readers for supporting *The Non-League Paper* throughout the summer!

Even though football came to a halt, we continued to make sure the paper was still on newsstands every Sunday and Monday morning throughout the summer.

We interviewed the likes of Chris Wilder, Les Ferdinand, Stuart Pearce and Chris Waddle while doing our best to keep you updated on the latest news – as we have done for the last 20 years!

We're massively grateful to all the players, managers, clubs, leagues and everyone else for answering their phones to talk to us!

But, crucially, we wouldn't have been able to do it without the backing of our readers – thank you!

*The Non-League Paper* is on sale every Sunday and Monday featuring match action, fixtures, results and tables from Steps 1-7

## THE SECRETARY'S MUSINGS

This afternoon it is our pleasure to welcome to the CVS Van Hire Stadium the players, Officials and supporters of National League team SUTTON UNITED who at the time of last season's premature termination were still in with an outside chance of a play-off spot, being 8 points behind the 7th placed team with a game in hand. Likewise a welcome to our Match officials Robert Massey-Ellis who has the whistle; Steven Walsh and Phillip Dunkley have the flags.

Last Tuesday we entertained QPR's Under 23 team and their strong team left after a 2-0 victory secured by two first half goals, one a great solo effort in an entertaining game with both teams playing fine football. Unfortunately we lacked that vital cutting edge in front of goal and did not really give the visiting 'keeper much opportunity to demonstrate his merits.

League Fixtures for all our 4 teams have been announced and the full list can be viewed via the Fixtures and Results tab on our [haringeyboroughfc.com](http://haringeyboroughfc.com) website and that for the First Team is also shown later in this programme.

The First Team start with an away trip to Corinthian Casuals on Saturday 19th September. The following Saturday will see Bognor Regis Town at Coles Park and in between we will have started our FA Cup campaign - the draw for our Round will not be made until Monday 14th.

The Women wrapped up their pre-season with a fine 2-1 win away to Stevenage FC Womens Development team last Sunday coming back from a goal down at half-time. They start with a long trip to St. Ives Town (the Cambridgeshire one, not Cornwall) tomorrow. Their first Home match will be a week later when they face a tough challenge in the 1st Qualifying Round of the WFA Cup as Fulham will be the visitors.

The Under 23s do not get seriously under way until Wednesday 7th October when they will visit Brentwood Town but last Saturday enjoyed a 4-3 victory at Coles Park over the First Team of Spartan South Midland League London Colney.

Don't forget to secure your FREE SEASON TICKET for our 21 Home Isthmian League Fixtures the first of which will be a fortnight today when Bognor Regis Town will be here. They will be obtainable within the next few days via the Club's Official Web site which is [haringeyboroughfc.net](http://haringeyboroughfc.net)
