HARINGEY BOROUGH FC - A BRIEF HISTORY

It was not until 1970 that a team competed under the name of Haringey Borough when WOOD GREEN TOWN who had played at Coles Park since 1930 changed their name to Haringey Borough. A merger with EDMONTON FC resulted in a brief change of name to Edmonton & Haringey FC until 1976 when the present name was re-adopted. The merged Club played in the Athenian League until it ceased to operate at the end of the 1983/84 season and then played for 4 seasons in Division 2 North of the Isthmian League. After a period of instability culminating in a year in the wilderness away from Senior football in 1988/89 they were admitted to the Spartan League in 1989/90 retaining Premier Division membership throughout until the South Midlands League merger in season 1997/98 when they finished 7th in the Premier Division South to secure membership of the new "combined" Premier Division for 1998/99 as well as being runners up in the League's Premier Division Cup. In 2004 after an unsuccessful attempt to move the Club to the nearby New River Sports stadium and a walk out of the existing Committee Aki Achillea who had commenced his association with the Club in 1995 was appointed to lead the Club forward and together with George Kilikita and Secretary John Bacon the club sought to engage more with the local community and tap into the talent locally.

The senior men's team having been relegated to Division One of the Spartan South Midlands League in 2006/7 bounced back with promotion at the very first attempt and a fine season ended with both promotion and the winning of the Division One Cup. Back in the Premier Division for the season 2008/09 the Club again quickly found itself among the relegation strugglers leading to the appointment of the current Manager – the vastly experienced Tom Loizou. Tom and his excellent loyal team of coaching staff have been instrumental in turning around the Club's fortunes in the intervening years. In 2011/12 a highest ever 5th place was achieved and the League Challenge Trophy won. After massive stadium improvements in the close season with the erection of a new Clubhouse and new dressing rooms hopes were high for 2012/13 but the poor weather and the problematic pitch led to a massive fixture backlog which negated any chance of a serious challenge for honours and the Club finished 9th. In 2013/14 the Club's challenge for promotion took place in the Essex Senior League following a sideways switch imposed by the FA. The Club had what was then its most successful season ever finishing runners up by just a solitary point to Great Wakering Rovers and ended the season with 20 wins and one draw from the final 21 League games. The League title was nevertheless secured at the second attempt in 2014/15 with a haul of 103 points from 38 games and with it promotion to Step 4 in which we were allocated to the Ryman League Division One North. The first season at the higher level was a baptism of fire when only 7 points were garnered from the first 17 games but by the close of the season a further 43 points had been amassed from the remaining 29 games and the Club finished in a comfortable 15th place. The first season in the FA Trophy produced two fine victories before a replay loss to Hitchin Town of the Evostik South Premier Division. The summer of 2016 saw yet further investment in the close season in the form of a 3G synthetic main pitch and added improvements to the perimeter, the spectator rails and the floodlights and has created a facility of which the Club can be proud; and has afforded a greater opportunity for the Club to move forward in all aspects. The first team in 2016/17 improved markedly on the previous season and had an excellent all round campaign although rather unfortunate not to finish the season on a high having ended with the "double heartbreak" of missing out on promotion through a 4-5 closely fought semi final play-off defeat at Maldon & Tiptree FC after finishing 5th in the Division and an odd goal 2-3 London Senior Cup semi-final loss at Metropolitan Police. But 2017/18 was to be the Club's best ever and culminated in promotion to Step 3 via the play-off route with a 3-1 win over Canvey Island after automatic promotion had been missed by just two points. And in FA Competitions the 4th and final round of the Qualifying rounds for the FA Cup was reached, although that ended in disappointment with a 2-4 home defeat by Heybridge Swifts who then enjoyed a visit to Exeter City in the First Round Proper. In the FA Trophy we went right through the qualifying campaign and were lucky enough to draw Leyton Orient in the First Round Proper which brought a record attendance of 1,133 to Coles Park and "The O's" left mightily relieved at having come back to win 2-1 after going a goal down in the fifth minute. 2018/19 was another great but ultimately disappointing season with an FA Cup run which took us into the First Round Proper

where it was ended rather cruelly by AFC Wimbledon's last minute goal at Coles Park in front of a record crowd of 2,710. Having led the Premier Division for several weeks in mid-season it was somewhat surprising that we dropped from 2nd to 3rd on the last day of the season after a poor late run but still enjoyed home advantage in the Play-Off Semi-final in which a 45 minute second half onslaught on the Tonbridge Angels goal produced only one goal in response to the two they had scored before the interval. The 2019/20 season's early termination was less of a disappointment for us than for most other Isthmian Premier Division Clubs as we were marooned in mid-table with no realistic prospect of entering either the promotion or relegation zones. The highlight of the season should have been the visit of National League Yeovil Town in the Final Qualifying Round of the Emirates FA Cup but, as is well known, appalling crowd behaviour brought that game to an early end and the second game seemed something of an anti-climax. In fact, without making excuses, that unpleasant episode seems to have adversely affected our players for some time for, whereas we had been well in the promotion places mix, thereafter we just drifted downwards. The early termination of League Fixtures for 2020/21 was more of a blow than was the previous seasons voiding as we were well placed to make a charge towards a play-off place at least. However the Buildbase FA Trophy continued and we enjoyed a run through to the 4th Round Proper when Oxford City of the National League South finally eliminated us 4-2 after we had been two up; en route we had overcome Faversham Town, Bishops Stortford, Eastbourne Borough and Dartford, the last two also being National League South Clubs. The London Senior Cup also carried on and due to withdrawals, we reached the quarter-final without playing a game but lost a penalty shoot out to Hanwell Town after a 2-2 draw.

2016/17 saw the introduction of a much needed "second" team, formed to compete in the Ryman Development League it being basically intended for Under 21 players but with the facility to include up to 4 older players in every squad. The team held their own comfortably in the League finishing a very creditable 6th place and the benefits of the Club's participation were all too evident with the introduction of a number of players into the first team squad throughout the season and the opportunity for first team squad players to keep fresh and those who were returning from injury had a platform to get fit. Thereby proving the benefits of having such a side. The age restriction was amended to Under 23 for 2017/18 and the team has always been near the top of the table and continued to do well in the following seasons.

Youth teams were commenced and run successfully for many years at various age levels with some considerable success particularly at the older age groups including progress into the 2nd round proper of the FA Youth Cup in 2006/07. They were Divisional winners of the Southern Counties Floodlit Youth League in 2004/05 (and also winners of the League's Colwyn Cup competition) and 2009/10. After a few seasons absence from Youth football the Under 18s rejoined the Southern Counties competition in 2017/18, winning its Divisional Championship at the first attempt. This will again provide a pathway for talented local boys to make their way into the first team squad and ultimately the first team itself.

The Women's Team was formed in 1999 and competed in the Eastern Region Womens League winning promotion in its first season and then to its Premier Division for 2002/03; and there they have remained save for two seasons, the first being in 2011/12 following relegation to Division 1 from which they made an immediate Premier Division return as runners-up. Steady improvement began and we were extremely fortunate to have been approached midway through the 2014/15 season by renowned coach and former professional footballer Steve Browne who at the time was involved in the highly successful S & T Academy Girls football. Steve was duly appointed Manager and preserved the Women's Premier Division status. In 2015/16 a mid table position was easily secured from an uneven campaign which included convincing away wins at the top 2 Clubs and some surprisingly disappointing performances against lower placed teams. In 2017/18, by Christmas the team were runaway League leaders only to be thrown off course by the tragic early death of Steve on New Years Day but after a shaky period the Women re-asserted themselves to win the League Championship on the last day of the season and with it, promotion to the Women's Premier League and followed that up by adding the League Cup with a 5-1 win over Cambridge City to complete the double which was a fitting, lasting legacy for their Manager. The loss of many of the successful squad, several to American University Scholarships, proved too much of a handicap at the higher level and relegation back to the Eastern Regional League was an unsurprising outcome. Now under the stewardship of Bobby Cato significant steps forward seem certain and promotion is again a realistic prospect.

The foundations are in place for an eventual assault on the title to secure a National League place for the

men's senior side and an exciting season is in prospect in which a challenge for at least a Play-off position is a realistic prospect as we pursue our ambition to achieve promotion to the National League should be within the capabilities of our talented squad. The facilities and structures are in place for all the Club's teams to improve and enhance on recent successes.

The Directors and Committee of *HARINGEY BOROUGH FOOTBALL CLUB* take pleasure in extending a warm welcome to all visitors to Coles Park and hope that they will make use of the bar and refreshment facilities available to increase their enjoyment of the occasion.

HISTORY OF LEATHERHEAD FC

LEATHERHEAD FOOTBALL CLUB can trace its history back to the formation of Leatherhead Rose in 1907. Rose were crowned Champions of the Dorking & District League in 1910 and 1919 before joining the Kingston and District League where they won the League title three times, the last in 1938-39. Leatherhead United were formed in 1924 and, in 1925-6, won Division One of the Sutton and District League. In the early 1930s, United joined the Surrey Junior League becoming Champions in 1933-4.

After the War, officials of the two clubs met and in May 1946, Leatherhead Football Club was officially formed at a public meeting. United's Fetcham Grove ground was to be used as the home ground. The Tanners went on to win four consecutive Surrey Senior League Championships before spells in the Metropolitan, Delphian and Corinthian Leagues. Tanners were Corinthian League champions in 1963 before moving into the Athenian League. Leatherhead won promotion from Division One at the end of the first season and inaugurated their floodlights with a match against a Fulham side. Leatherhead won the Surrey Senior Cup for the first, and to date, only time in 1969. After being elected into the Isthmian League, Leatherhead made national headlines in 1974-5 when they reached the Fourth Round proper of the FA Cup, defeating League sides Colchester Utd and Brighton & Hove Albion before bowing out to First Division Leicester City 2-3. In subsequent seasons, the Tanners defeated two more Football League sides at the Grove – Cambridge United and Northampton Town.

After the disappointment of defeat in FA Amateur Cup semi-finals in 1971 and 1974, the Tanners finally reached Wembley Stadium in 1978 but were beaten in the FA Trophy Final. The Club then entered a period of decline and were relegated in 1983 and in 1990, slipped down into Division Two South but were back in Division One in 1997. Finances were a problem and in the summer of 2000, the club was within a few days of folding but was saved by its supporters who took over following a crisis meeting.

In 2006-7, Leatherhead were the lowest ranked team to reach the First Round Proper of the FA Cup, losing 1-2 at Football League side, Torquay United. Mick Sullivan was appointed First Team Manager in May 2009. Under Sullivan's guidance, the club had its most successful season in years, winning the Isthmian League Cup (the first major trophy for some 40 years) and finishing the season in fifth place in the League before losing a play-off semi-final. The following season, a dramatic play-off victory against Dulwich Hamlet (4-3 after extra time), saw The Tanners return to the Premier Division for the first time since 1983. Tanners stay lasted just the one season though. In 2013-14 Tanners reached the play offs again, this time edging out Guernsey 3-2, before winning a penalty shootout at Folkestone Invicta to return to the Ryman Premier Division.

Sammy Moore was appointed in the summer of 2017. In his first managerial job Sammy steered Tanners to the second round of the FA Cup, a County Cup Final and a top eight finish in the League before departing for Concord Rangers along with the majority of the team. He was replaced by former Margate boss Nikki Bull who, despite having to rebuild the squad, took the team to an 8th place finish narrowly missing out on the play-offs.

After a poor start to the 2021-22 season Julien Ndomo was appointed to the Fetcham Grove hot seat.

THE NON-LEAGUE PAPER

ESSENTIAL READING FOR FOLLOWERS OF THE NATIONAL GAME

THE PHRASE 'magic of the cup' is synonymous with the FA Cup's early rounds but in recent weeks it has been used alongside the FA Trophy.

The competition for the top four tiers of Non-League football is now entering the last 16 and those clubs will be starting to dream of the Wembley final in May.

While some National League sides may devalue the Trophy in place of league success and promotion to the Football League, the knock-out competition, which has been played since 1969, provides a valuable opportunity to lower-league clubs.

Just look what it meant for Needham Market last weekend winning a dramatic penalty shootout 8-7 at top-flight Yeovil Town, who have created plenty of their own cup history. Market boss Kevin Horlock described it as a 'special day' for the Step 3 side.

Elsewhere, Cheshunt, also playing at the same level as Needham, won 3-0 at National League South club St Albans City while Morpeth Town came out on the right side of a seven-goal thriller against Step 2 Boston United, winning 4-3. Tonbridge Angels upset National League King's Lynn Town too.

And it's not even the victories that can provide memories. Larkhall Athletic, of the Southern League Division One South, enjoyed a trip to National League high-flyers Stockport County on Saturday.

It was the furthest the club had been in the competition and they made sure to make the most of it by staying over on the Friday night AND Saturday to enjoy themselves post-match. The Larks supporters travelled well too with 169 in attendance at Edgeley Park.

Larkhall manager Ollie Price, no stranger to a big cup tie having played against Norwich City in a televised FA Cup first round game for Paulton Rovers, told The NLP of the club's excitement before the Stockport fixture. "It's an absolutely incredible draw, it'll be a fantastic day for the club and everyone connected," he said. "This is what it's all about. I know they say the magic of the FA Cup but this is the magic of the Trophy!"

The FA Trophy is made extra special by the FA's persistence to play the final at Wembley on Non-League Finals Day, also featuring the FA Vase which always delivers a brilliant spectacle – the last six finals have produced 24 goals between them!

Some supporters may say the final should be held at a smaller, more intimate ground but speak to any manager or player and they will say they want to be walking out under the arch.

We've been treated to so many great finals over the years, not least most recently when Step 3 Hornchurch beat Hereford. It's given many clubs from the same level hope they can go all the way too.

Brackley Town's penalty victory over Bromley was also dramatic, so too was North Ferriby United's upset of Wrexham in 2015. The memories go on and on.

So, the Trophy is still special, still 'magic' and it was a pleasure to have Needham Market's upset taking centre-stage on our front page last weekend – sorry Yeovil fans, you had your turn last month in the FA Cup!

By David Richardson

Chairman - Haringey Borough FC

A warm welcome to all from Leatherhead who seem to enjoy coming to our ground as John has alluded to in his notes. They arrive today at the foot of the table and will be desperate to add to their impressive record here. I know John has made reference to their heavy defeat before they arrived last season and it was the same when we visited their ground earlier this season where once again they put in a very good performance after a heavy defeat a few days earlier. I think it might be the dark green shirts we seem to have an aversion against!!! Today they visit with a new manager in place and players who no doubt will be keen to arrest their slide. We look to maintain our unbeaten run since before Christmas although in the interim I have to report on a very serious injury to our very own Christos Djamas which will necessitate surgery. Keep your eyes peeled on the twitter account and the website as we have plans to have some fundraising events to raise funds for the operation which in this current climate will need to be private to simply get him back on the road to recovery as soon as possible. He will be out for many months and hopefully we can get him back to play a significant part in next season's challenges. It is awful for any player to sustain a serious injury and I am sure we all feel a sense of responsibility as we are all so close to the players that we all hurt when they do. Particularly someone like Christos who has left Cyprus to try and ply his trade in the UK only to see that dream shattered for now. We haven't had much luck this season with injuries, with Tosin out for several weeks with knee damage, George Aresti breaking his hand and still out and now Christos it does seem as though all our hopes for this season have been dashed by events out of our control. I am hopeful however that those still standing will realise that there is still a lot to play for. I was so pleased with last weekend that I haven't stopped smiling. A crowd of 796 for a league game!! Wow, who could ever have foreseen that a few years ago and a huge thank you to all of you who came to support the boys and I felt as though they did us all proud with an exceptional performance and with a little luck we could have won the game. The Club is definitely moving on to the next level, the new bobble hats are selling a treat and wait till the new kit arrives – oops sorry I'm getting carried away, that will now be next season. Have some fun today as always, support the boys and most importantly enjoy the game.

Aki Achillea - Chairman Haringey Borough F.C

Manager - Haringey Borough FC

A great performance last Saturday and I am a little disappointed that we didn't win the game. I know they pushed us hard but we stopped everything they threw at us and looking back at the footage they hardly had a shot worthy of the name. This is from a team that score so many goals. A great defensive display and a lot of effort from those ahead of them. A special mention must be given to Lamar in goal. Having given them a soft penalty he showed his true mettle to save the spot kick. He was safe all game and I'm so pleased for him. It has been difficult for him stepping into the shoes of Jonathan Miles at short notice and coming back from injury. He is now looking the part and that is great for the whole team. We are now unbeaten in 5 since the Folkestone game in December and we are looking dangerous once more. The two up top Bobson and Mekhi terrorise teams with their pace and are proving to be a good pairing and beginning to show an understanding that we have struggled to see in the forward line so far this season. The midfield is sound and we are still missing some strong players. We are looking like the team I know we can be with the talent we have. I know Aki has mentioned the news regarding Christos and I have to say that is a massive blow for him and for us. I hope when the chance comes around you will do your best to help us get together what is needed to get him on the road to recovery. Today we will, as we always do, have a really tough game against a Leatherhead side fighting for their lives. I want to see more of that fantastic atmosphere you all created last week with the best crowd we have had since our Wimbledon FA cup match. Huge thanks to all of you, get behind the team again this afternoon - Come on Boro!

Tom Loizou - Manager Haringey Borough F.C

THE SECRETARY'S MUSINGS

This afternoon we take the opportunity to welcome the players Officials and supporters of LEATHERHEAD FC to Coles Park for our third home League match of 2022. This will be only the fifth meeting of the Clubs since we became a Premier Division Club. In 2018/19 "The Tanners" completed the double over us with an early season 2-1 home win and a 3-0 win at Coles Park in February. In the following season we won an August midweek game at Fetcham Grove by 3-2 and the return at Coles Park never took place thanks to Covid restrictions. Last season it was only our home game that got played and "The Tanners" left 1-0 victors of a September evening game. I note that my forecast for the outcome of that game – reprinted here from last season's programme – came all too true " Our visitors arrive on the rebound from an astonishing seven goal defeat last Saturday at Bowers and Pitsea's Len Salmon Stadium; which is not really good news for us as they will obviously be determined to restore their wounded pride" This season we went to Fetcham Grove on October 2nd. and recorded what was to be our only clean sheet in Competitive matches during 2021. But it yielded only one point as we did not score either. It was one of those games where we probably would not have scored if we were still playing and it was only a linesman's flag that prevented the match joining the depressing list of games where points have been thrown away through late or stoppage time concessions. In 2022 we have already turned in two clean sheets, both at home, and we will certainly be hoping to make it a home clean sheet hat-trick today. For previous matches between the Clubs it is necessary to go back to the days of the short lived Delphian League of which Leatherhead were founder members in 1951/52 and the Edmonton half of our merged Club joined in 1954/55 so there were 4 seasons of matches until Leatherhead left for the Corinthian League in 1958/59. Subsequent League mergers meant that both Clubs were members of the Athenian League, but were never in the same Division, until Leatherhead became Isthmians in 1972/73.

A welcome too, of course, to our Officials for the day who are Toby Enstone in the middle while Damian Mirzadeh and Ronald Albert have the flags.

Whatever the outcome of the match we hope all will enjoy themselves and have a safe journey home. after witnessing an entertaining afternoons sport,

Our second clean sheet of 2022, and just the third of the season, against Enfield Town last Saturday was a hard fought affair in front of our highest attendance of the season (796 and unlikely to be bettered), with the visitors enjoying the majority of possession; so much credit is due to our defence for standing firm against a team that averages 2.24 goals per game (3rd highest in the Division behind Worthing and Lewes ours is 1.46) and is loaded with attacking menace. Our penalty area was bombarded with free kicks, crosses and corners but it was our defenders heads who got the vital touch on most occasions and surprisingly few clear cut openings were created. Our closest shave came in the 57th minute when some uncharacteristic hesitation in our defensive ranks resulted in Lamar having to bring down one of Enfield's most dangerous strikers – Jake Cass. Fortunately the inevitable card was yellow as it was deemed a genuine attempt to get the ball and Lamar then saved the resultant penalty taken by another prolific striker, Muhammaddu Faal. Lamar got down to his right and pushed it onto the post and Rakim got to the loose ball first to complete the clearance. Our best of few chances came early on when Mekhi burst through and beat the 'keeper only for a defender to clear the ball off the line.

Last Tuesday's scheduled trip to Corinthian Casuals fell foul of the weather and is likely to be re-arranged for Tuesday February 22nd

The draw for the Velocity Cup (which is the Isthmian League Cup) paired us with Potters Bar Town but the match will not take place as our opponents pitch has caused them to suffer such a League Fixture backlog they have withdrawn from the competition. Thus we now have a bye into the 4th Round.

If you have not already obtained one, Free Season Tickets are still available which would enable you to see our last eight home League games without charge. Application should be made on line via the Club's official website haringeyboroughfc.net. And on that website you can also see details of the benefits you could enjoy by becoming a Club member.

As for our other Teams, the Under 23s made a particularly comment worthy start to 2022 as last Wednesday week they went to Heybridge Swifts and after going three down staged a magnificent comeback to finish 4-3 winners. This maintained their top spot place and with six games to play they were then five points clear of their closest challengers, Bowers and Pitsea, although Bowers did then have a game in hand so it was

helpful that they could only draw it when Potters Bar Town visited them last Tuesday thus leaving Bowers 4 points behind us with both Clubs having played 12 of their 18 games. Support for them this coming Monday when they entertain Barking with the chance to extend their lead to 7 points would be very welcome. No admission charge.

The Under 18s made a flying start to the New Year with a 9-2 demolition of Rayners Lane at Coles Park last Monday week. Our free scoring Under 18s have recorded hauls of 12, 9 (twice) and 7. But having dropped 12 points and with only 6 games to play they were still not well placed to overhaul the 2 Clubs above them in the table (Hendon and Woodford Town) who had only dropped 3 each. However they kept the possibility alive with a vital 4-3 win away to Woodford Town last Wednesday but with only five games left to play its probably unrealistic to expect them to garner 6 more points than Woodford, who actually have a game in hand too. On a good Wednesday evening for Borough, Hendon also unexpectedly dropped three points in a home defeat by Langford.

The Women's season after the brightest start for many years has sadly deteriorated and it seems the best they can now hope for, bearing in mind they have played up to 4 matches more than all other teams in their 11 team Division is 10th. That should be enough to avoid relegation with the drop reduced to one team following a team withdrawing and the bottom team who currently have just 3 points – all from draws – would need to win three and draw one of their remaining 9 matches to overhaul Borough's ten point lead even if Borough failed to secure another point from their remaining 5. The defeat by 3-2 two Sundays ago at 10th placed St. Ives Town was particularly unfortunate for it leaves the victors just 3 points behind Borough with 2 games in hand. Tomorrow they face what will probably be the hardest of their remaining 5 League games when leaders Wymondham Town visit Coles Park (2pm). The League Cup for which the draw has not yet been made is the Women's last hope for glory this season.
