A MONTH OF TRIUMPHS ON AND OFF THE FIELD

The past month has been nothing short of spectacular, marked by triumphs both on and off the pitch, showcasing our unwavering commitment to excellence and community.

On the pitch, Boro Women have been unstoppable, stringing together an impressive series of victories that have propelled us to the finals of the Capital Women's Cup. With a blend of skill, determination, and teamwork, we've demonstrated prowess in every match, leaving opponents in our wake. From nail-biting finishes to dominant displays from a blend of experienced players and emerging talent, each game has been a testament to our dedication and passion for the sport.

But success extends far beyond the boundaries of the pitch. Off the field, we have been actively engaging with the community, inspiring and empowering others through various initiatives and events.

As the season comes to a close, we are showing no signs of slowing down! Buoyed by recent successes and fuelled by collective determination, we are setting our sights on finishing the season stronger than ever!

In a world where success is often measured in trophies and accolades, we are looking to leave a lasting legacy that extends far beyond the confines of the pitch.

MESSAGE FROM THE GAFFER

What a great month of March we've had! With two clean sheets and three wins in the league, we have also been victorious in the semi-final of Capital Women's Cup beating Tier 4 side Actonian Ladies. It is the first time we have been in this Cup final and ***I am so proud of this team! This squad, the staff, and everybody that's involved with Haringey Women FC deserve this success.***

The fans have made our home matches an absolute fortress and anybody that wants to come and try to compete with us at our home ground, (the mighty Coles Park!), have to get past our 12th man!

So I want to say a ***massive thank you to the fans*** who have been out in full voice and in great numbers to support our team – home and away! I can't wait to see them all at the London County Cup final, supporting and cheering us on as they've done for the whole season.

It's been great to be able to debut new talent in March from the Haringey Girls Academy who have been training with the first team, and are now ready to take the step up. We will continue our journey to develop this pathway with Haringey Girls Academy and will continue to support them in any way we can.

To my team, let's continue the strong performances from March into April, and I look forward to seeing all of our fans at our remaining league games and the final. Up The Boro!

HARINGEY GIRLS ACADEMY

It's been a busy month for the academy with all teams continuing in both league and cup action as well as London cup finals! Our U13s had a superb performance against Charlton Academy in the final but unfortunately just missed out on winning the trophy against a very good and organised side. The U16s and U18s both played some scintillating football in their cup finals and both walked away with the trophy after 7-0 and 8-1 scores respectively. Well done to both those sides as they bring back 2 London cups to Haringey. We will hopefully be trying to add a 3rd when the women take on Wimbledon or Ashford in a few weeks time.

At this time of year we are also lucky enough to play host to sides from the USA. This is an amazing experience for the girls to get the chance to play teams from around the world and test themselves against some of the best Olympic Development Programs in the states. This year we have hosted Maryland, Pennsylvania, Texas and Colorado. Some brilliant fixtures and to come away with a win in every game shows the level of our girls!

We now start to look forward to the end of the season and already now planning for next season! Our trials are now set for next year and all information is on our website; www.haringeygirlsacademy.co.uk

We have now had 19 girls that have come through the academy make appearances for the first team which is by far the most in the country! We look forward to continuing the development of the girls and giving them the opportunity to test themselves.

What a night!

It was a pleasure to attend the Football Black List awards, and share the room with other likeminded people contributing to change, creating history, growing the game, and celebrating the outstanding achievements and success of both male and female trailblazers and pioneers of African and Caribbean heritage! Congratulations to all those nominated and the awardees!

A huge shout out and thank you to the co-founders (& notably Haringey Borough supporter), Leon Mann MBE, and the Voice Newspaper Sport Editor, Rodney Hinds, and all their team for creating the space to celebrate excellence & for an incredible & inspirational evening!

WE'RE GOING TO TBC

By Ewe Tea Bee, Haringey Borough FC fanzine.

There's a wonderful photo on the Haringey Borough Women's instagram page from the Capital Cup semi final against Actonians.

It's the moment after Saoirse Hourigan had taken the ball on her chest (contrary to what the fake news merchants in the main stand/the Actonians website will have you believe, it was not a handball) and lashed an unsavable volley past the Actonians keeper into the top corner.

As she wheels away celebrating, she's captured in front of a backdrop of half a dozen fans, hands aloft, screaming.

You can almost see the nervous energy of the past hour or so dissipating as the Boro fans celebrate, and the feeling that we were, maybe, going to get what we deserved from the match.

Boro fans are in general a pessimistic bunch and at half-time all the talk was about missed chances, missed opportunities.

Despite getting off to the worst possible start - conceding after 18 seconds - Boro had more than held their own; equalising thanks to an ice-cool finish from Nellz Humes and had defended well to keep the dangerous Actonian attackers quiet (shout out to Chloe Ions who won pretty much everything).

Marta and Nellz had also forced a number of excellent saves from the Actonians keeper, and the midfield were working hard to prevent Actonians from hitting any sort of rhythm.

But despite being second-best, Actonians had looked dangerous going forward, especially from set pieces. Liamara Hensel Berg made a couple of crucial stops including a ridiculous point-blank stop from a free header.

As the second half progressed, Actonians seemed to have an edge in terms of fitness with Boro looking leggier and leggier. The sense of inevitability; that we were going to make an error and let the visitors grab a winner they scarcely deserved.

Saoirse's goal changed that - two minutes later, Nellz dinked the ball over the keeper, and ran onto her chip to give Boro a 3 - 1 lead.

That wasn't quite the end of it. With minutes left on the clock, Actonians pulled a goal back. However, Boro's response to conceding was to keep possession deep in Actonians' half to run down the clock.

"Que sera sera, whatever will be will be, we're going to TBC" we sang behind the goal as the final whistle blew. And then piled into the HBFC board-room (the bar was in use) to celebrate.

It was wonderful to see coaches, fans, volunteers and of course John Bacon who has been all three at one point or another dissecting the match.

As John Bacon suggested, it was one of the club's best ever wins.

Up the Boro!

WANT TO SUPPORT THE CLUB WHILE ALSO PROMOTING YOUR COMPANY?

We're delighted to announce that we've now partnered with SNAP Sponsorship and we're looking for sponsors.

Why Sponsor Us?

In order to continually improve our facilities for the local community and drive the club forward, we're keen to build relationships with new and exciting businesses and work alongside you to explore opportunities and mutual benefits.

Increased brand awareness, raising the profile of your business in our community

Do you want to raise the profile of your business or organisation?

Sponsoring us will raise the profile of your business and benefit you in the following ways:

- Exposure to hundreds in the local area and players and spectators from visiting teams

Based in the heart of the community with links to a sizeable audience base surrounding the club. In addition to our large membership and extensive supporter network, we're also active on social media and use our website, Twitter, Facebook and Instagram to promote our club, fixtures and sponsors.

We're an extremely social club who pride themselves on being warm, friendly and family-orientated. We regularly host events throughout the year and we'd be happy to host a sponsored networking event if desired.

We have an array of sponsorship opportunities which can be tailored to meet your objectives. Through sponsorship, our club will promote your company in a wide variety of ways enriching the profile of your business in our community.

Help to empower women and forge an equal playing field through football sponsorship

More than 365 million people watched the 2022 UEFA Women's Euro football championship and 50 million watched England beat Germany in the final.

Sponsoring women's sport involves much more than a financial investment in players because it demonstrates an investment in equality and meaningful change within the sporting arena. With such large audiences of women's sporting events, sponsorships can help leverage equal visibility – and this can help drive further female participation in sport.

By supporting early talent and grassroots clubs, companies help increase the number of girls participating in sport – and this has both a long-term benefit of creating star players and also a short-term benefit in increasing confidence, teamwork and health.

Contact us now to find out more and explore what we can offer you!

CELEBRATING GRASSROOTS FOOTBALL VOLUNTEERS

It's finally out!

We're proud to share that our Club Secretary, Karla Parker, had the opportunity to be part of the FA and England Football campaign celebrating grassroots football volunteers!

As part of the campaign, Premier League West Ham striker, Michail Antonio joined us at our home ground in North London, along with other fantastic volunteers to highlight and learn more about the positive impact volunteers have on players, clubs and communities across the nation; ***recognising volunteers are at the heart and soul of the game.***

Hear from our Karla: *"Volunteering at Haringey Borough Women's Football Club isn't just about kicking footballs on the field; it's about making a meaningful impact off the pitch too. By lending my time & skills, I'm not just supporting a team; I'm empowering women & girls to thrive. From coaching & mentoring to organizing events & boosting morale, it's my ambition to foster teamwork, resilience, & family."*

Together, we're not just building a stronger team; we're building a stronger community."

Thank you to everyone involved and shining a light on grassroots volunteers!

WHAT A HEADER!

by Dr. Kunjal Kabade, Physiotherapist

Head injuries are often not given much attention in comparison to other injuries but they do remain a persistent issue in sports, and the realm of women's football is no exception. The exponential growth of women's football in the UK has been a triumph, with increased investment, participation and media coverage. However, as the sport reaches new heights, so does the scrutiny on player safety.

The most commonly seen head injury in sports is concussion which is often referred to as a mild traumatic brain injury that occurs due to a sudden jolt or blow to the head, causing the brain to move rapidly within the skull. The early signs of concussion include headache, dizziness, difficulty balancing, nausea or vomiting, confusion or disorientation, sensory disturbances, fatigue or drowsiness, mood changes and sleep disturbances. In football, concussions can occur anytime due to collisions, heading the ball, falls, during tackles and/or accidental contact.

While heading is a fundamental skill in football, research suggests that headers are one of the leading causes of concussion. It can be caused as a result of repeated or forceful headers, particularly if the technique is incorrect or if the ball is struck with excessive force. However, any suspected head injury should be taken seriously and the affected individual should be removed from play and evaluated by a qualified medical professional as soon as possible.

A study published in the Journal of Athletic Training indicates that concussion rates in women's football are comparable to, if not slightly higher than those in men's football. Factors contributing to this increased risk include differences in neck strength, hormonal influences and varying style of play. Furthermore, research conducted by the FA in England has highlighted the need for increased awareness and education surrounding concussion in football. The FA has since then implemented measures to improve the identification and management of head injuries.

Societal attitudes and perceptions surrounding concussion may also play a role in underreporting among female athletes. Cultural expectations of toughness and resilience, coupled with a lack of awareness about the signs and symptoms of concussion can lead players to downplay or ignore head injuries, exacerbating the problem.

As awareness grows and research continues to uncover the nuances of head injuries in women's football, it is essential to prioritize player welfare and implement evidence-based strategies to mitigate risks effectively.

By fostering a culture of safety and support, we can strive to reduce the prevalence of head injuries and ensure a healthier future for female football players at all levels of the game.

ADOBE WOMEN'S FA CUP LAUNCH EVENT

The Adobe Women's FA Cup has come a long way since Southampton Women's FC won it in 1970. Fast forward fifty-four years and the competition is more popular than ever with record viewing figures and WSL players reaching millions across social channels.

A new partnership between Adobe and The Football Association (announced in November 2023, which will run for at least three years) seeks to ***inspire the next generation of young girls and women who dream of becoming professional players***, increase fan engagement, and elevate the profile of the competition even further.

The partnership will provide clubs across the competition with access to and training on Adobe Express, an AI-first, all-in-one content creation app for users of all skill levels, so they can design and share standout social media content. It will help them market and promote themselves, create social and brand content to engage their community, raise their profile and reach the next generation of fans and players.

Kiki and Karla were invited to and had the pleasure of attending the launch event at Wembley stadium and heard from Ambassador [Alessia Russo](#), Arsenal and Lionesses striker, [Iqra Ismail](#), [Fara Williams](#) and Elly Wade. The event was hosted by Sports Journalist and broadcaster, [Reshmin Chowdhury](#).

Boro Women had a decent FA Cup run this season reaching the second round proper and will be looking to build on that next year!

OUR HISTORY

Although Haringey Borough FC was formed in 1973, the Women's team wasn't formed until the start of season 1999/2000 and played only occasional "friendlies" in that first season.

In the summer of 2000 we merged with Mill Hill United and were accepted into Division 2 of the Eastern Region League for season 1999/2000, gaining promotion to Division 1 as runners-up to Saffron Walden Town while based at the rather bleak Donkey Lane Playing Fields in Enfield.

The merged Club adopted the name of Haringey Borough and re-located to the Coles Park stadium of the Spartan South Midlands League club, founded in 1907, in White Hart Lane, Tottenham.

2000/2001 – 16 unbeaten League matches but finished third on goal difference. Eliminated two Greater London League sides in the Women's FA Cup.

2001/2002 – 9 unbeaten League games and promotion to the Premier Division as runners-up. The League Plate was garnered with a 4-1 victory over Cottenham United and a regional 5-a-side trophy.

2002/03 – we led the League for two weeks in mid-season, before finishing a comfortable 4th, retaining the regional 5-a-side trophy.

2003/04 – the team were rocked by a sudden spate of long-term injuries and departures of erstwhile regular players but with a late burst succeeded in preserving its Premier Division status.

2004/05 – the team appeared in the finals of five small sided competitions and finished in a safe mid-table position.

2005/06 – the Club progressed through two preliminary rounds of the Women's FA Cup finishing mid-table again and were finalists in the League Cup losing by a late goal against the League Champions Norwich City Canaries.

2006/07 – the team finished third despite a slow start and early dismissal from all knock-out competitions.

2007/08 – the team lost three long serving players to National Premier Division sides and played most of the season with a very small squad. Despite that the team had three London County Cup victories including victory over local rivals Tottenham Hotspur in the quarter final. We went on to reach another semi-final in the League Cup.

2008/09 – an extraordinary season where in mid-March relegation looked a likely outcome but an astonishing turnaround saw the team suffer only one defeat in the remaining 12 games and had that game been won, the runners-up spot would have been secured instead of 4th place.

2009/10 – notable for the 5-match run in the Women's FA Cup. In December, the team led the Premier Division and looked favourites to win the Championship but an unexpected deterioration in form finally resulted in a mid-table finish.

OUR HISTORY CONTINUED...

2010/11 – a very challenging season including loss of established players and a series of long-term injuries. The team saw several successful rounds in the Women's FA Cup but the lack of depth in the squad meant that relegation could not be avoided.

2011/12 – a slow start in Division One but as our campaign gathered pace we eventually finished second and thus earned promotion back to the Premier Division at the first attempt.

2013/14 – a major development took place when the Club was struggling midway through this season with the appointment of Steve Browne as Manager and he brought with him his highly successful S & T Academy Girls who in their mid and late teens were becoming too old to continue in Youth football.

2015/16 – mid-table position was easily secured.

2016/17 – the team were runaway League leaders only to be thrown off course at Christmas by the tragic early death of Manager Steve Browne on New Year's Day. After a shaky period we re-asserted ourselves to win the League Championship on the last day of the season and with it, promotion to the Women's Premier League. We followed that up by adding the League Cup with a 5-1 win to complete the double.

2017/18 – several of the top players were lost to USA Scholarships and other Premier League teams and a torrid time ensued in Division One South-East and the team returned to the Eastern Region League.

2018/19 – the team began to rebuild only to see the newly appointed manager accept a role in his home Country of Greece at Christmas. A new manager was appointed and the coronavirus pandemic put a premature end to the season with results being deemed null and void.

2019/20 – The appointment of Bob Cato, formerly of Derby County Ladies, Leicester City WFC and a former Haringey Borough player, has brought about much needed leadership and strategy to the team's play. A refreshed side with new players brought in through partnership with Haringey Girls Academy means that there is now a full pathway from Wildcats to Women's football and much needed depth in the squad with 30+ players at training every week.

2022/23 – the season started strong with a team consisting of predominantly under 18s. Borough remain a contender to win the league as well as reaching the quarter finals of the Capital Women's Cup having beaten tier 4 side London Seaward en-route. Borough narrowly lost out to tier 3 side London Bees whose clinical finishing in front of goal proved to be the deciding factor.
